Available from the CIA Library is a photocopy of a 12-page untranslated report in Italian on the Vanoni Plan. The report describes in considerable detail the background and objectives of the ten-year economic plan (1954-1964) drawn up by the Budget Minister, Ezio Vanoni. Although the 90-page Vanoni Plan cannot be considered a concrete project, but only a theoretical basis for an eventual plan, concludes the report, it is nevertheless an indication that a conscientious and energetic effort is at last being made by the Italian Government to alleviate its economic and social problems.
